Dear Pastor & Prayer Warriors:

UPDATE!

First we begin by giving you an update on Mrs. Sheilagh Richardson. She is the dear lady we mentioned in our last letter who suffered a stroke. She was eventually moved to a hospital closer to her home, started physical therapy, and is doing so much better! She is slowly beginning to walk, her speech is coming along, and she is finally regaining the use of her left arm and hand. Whenever we visit her she is just praising the Lord for His work in her life. Thank you so much for those who have e-mailed, sent cards, and prayed for her. She is truly thankful for your best wishes when we pass them along to her and she looks forward to meeting you all in Heaven some day!

Our teens who were saved at camp are doing well. One, however, is not allowed to come church by her parents. We continue to pray that their hearts will be softened to the Gospel in some way and that they will be reached for the Lord Jesus Christ also.

We have begun working again in the local primary school with the Bible Club. A lot of these kids question if there is even a God yet come along to see what the club is about. We are praying that their hearts will be open that there is a God who loves them and sent His Son to be their personal Saviour.
